Girl Scout Journeys

Discovery World recognizes that Girl Scout Leadership Journey's are very important to a Girl Scout's voyage. Because of this, Discovery World would like to help you and your troop Discover, Connect, and Take Action for all three leadership Journey series: It's Your World – Change It!, It's Your Planet – Love It!, and It's Your Story – Tell It!

Discovery World can help augment each of your Leadership Journey's by providing hands-on, guided educational experiences. We can also connect you with local experts, special labs and experiences, and equipment and materials. Don't forget that Discovery World specializes in education having to do with freshwater, science, technology, design, fashion, graphic arts, and innovation.

For each of the three Leadership Journey's, Discovery World is capable of working with troops, or individual girls at the Girl Scout Brownie – Girl Scout Ambassador levels. All you have to do is call us today and let us know how you'd like us to work with you. We can't wait to hear from you! Please call the Scout Coordinator at 414.765.8764 to begin your Leadership Journey!

NEW! Girl Scout Satellite Program

We come to you!

HERE'S HOW IT WORKS: Pick one of the Badge Workshops below and give us a call to set up a date and time that work for your troop. All that we ask is that you have at least ten Girl Scouts, a working space for each Girl Scout (tables and chairs), and one chaperone for every ten participants. Troop leaders can sit back and relax because Discovery World's Girl Scout Educators will bring all necessary supplies and materials needed to complete all requirements. This is a great option for troops that would like to substitute a Badge Workshop for their regular meeting time. Please call the Scout Coordinator at 414.765.8764 to set up your customized experience!
