

Recycled Bottle Toss

HOW - TO

The object of the game is to get the weighted end of the string into the water bottle by using a swinging motion as you hold the top of the bottle.

Directions

- 1 Using a permanent marker, draw a "mouth" around the base of the bottle to cut out.
- 2 With the help of an adult, use scissors or an X-Acto blade to cut along the "mouth" line from step 1.
- 3 Tie approximately 18 inches of yarn or string to the neck of the bottle, just under the cap.
- 4 On the loose end of the string, add beads or other weighted items.
- 5 Use any additional materials to decorate your recycled bottle toss.
